

Dear customer,

The entire team of the Hyatt Regency Barcelona Tower would like to welcome you and wish you a satisfactory stay for you and your pet. We would like to convey to you a series of points that we at the establishment consider essential and that will undoubtedly help not only to maintain harmony with the rest of the hotel guests, but also to ensure you have a pleasant stay:

- **Pets will not be allowed to stay in the hotel's main areas**, they may only pass through them to access the rooms or to leave the hotel. The hotel's main areas are understood to be the hall, corridors of the floors, entrance area, etc.
- **Whenever the animal circulates in common areas of the hotel, it must be tied up or in its owner's arms**, and the use of a muzzle is recommended for your peace of mind.
- **Health regulations state that pets may not enter or remain in areas used for the preparation, sale, storage, transport or handling of food**, so your pet may not accompany you in these areas.
- **The guest is responsible for any damage caused by the animal in the room or in any other area of the hotel.**
- **In case of any accident with another animal or with a person, the owner of the pet will be the most responsible**, exempting the hotel from any liability for legal purposes.
- **The hotel accepts pets so that you can enjoy them on your trip. For this reason, do not leave them alone in the room.** In case of exceptional absences from the hotel leaving the pet in the room, always for a short period of time, you should let us know and provide a contact telephone number at reception. During this time no one from the staff will be available.
- **The pet is an additional cost in your booking of 15 € per night.** We wish you a pleasant stay and remain at your disposal for any questions you may have.

Thanks for your cooperation,

Angel Holgado
Hotel Manager

¿What to do in case your pet goes missing?
