

Make use of natural daylight instead of artificial lights.

Turn off the lights and unplug all devices when they're not in use.

Avoid water wasting when showering, brushing your teeth, or washing your hands.

Reuse towels and sheets before requesting a change.

Avoid using single-use plastic items, such as water bottles or utensils.

Use public transport, bike or walk around the hotel area.

Make sure you only throw paper down the WC.

During your stay, try to consume and buy local products and goods.

Do not waste or throw away food in catering areas.
